

ADVANCED SERIES COLOR DOCUMENT SYSTEMS

A smart design that helps drive efficiency.

From media handling to workflow and collaboration, the Advanced Series delivers the features businesses need to get the job done.

Built for today's workstyles, these color document systems feature an intelligent design that offers seamless, secure collaboration while supporting sustainability in modern office environments.

A Smart MFP That Drives Efficiency Features like Al assisted scanning with auto skew correction and image format detection ensure scanned documents are processed correctly.

Easy to Operate An **intuitive touchscreen display** that is built on an award-winning user interface is easy to navigate, enabling users to execute their jobs quickly and efficiently.

Modern Design Elegant exterior design offers a contemporary color scheme, soft-close paper drawers, and easy-roll casters to make this series a **perfect fit for any office environment**.

Comprehensive Data Security The Advanced Series utilizes leading, multi-layered security features to help ensure your document data and personal information remains safe.

10.1" (diagonally measured) customizable touchscreen display.

Built-in retractable keyboard simplifies email address and subject line entries.

- 300-sheet duplexing single-pass feeder scans up to 300 images per minute with optional double feed detection.
- Flexible paper handling supports media up to 300 gsm and COM-10 envelopes from the standard paper drawer.
- Inner Folding Unit option offers a variety of fold patterns, including c-fold, z-fold and others.
- Smart controller design ensures
 maximum device uptime with self-healing
 features that remediate CPU errors and
 automatic firmware updates that keep
 the device current.

Inner Folding Unit option offers a variety of fold patterns, including c-fold, z-fold and others.

- Provides seamless access to Microsoft services with Microsoft Entra ID in Azure native environments.
- Supports Synappx Manage, a cloud-based device management solution that enables collaborative visibility with your service providers—helping to reduce response time and business disruption.
- Intuitive touchscreen display is easy to navigate, enabling user to execute their jobs quickly and efficiently.
- Collaborate with remote workers using popular cloud services, such as Microsoft Teams, Google Drive™, Dropbox and others.

High capacity 300-sheet DSPF scans documents at up to 300 images per minute.

- Leading security features such as BIOS
 Integrity Check with self-recovery, Firmware
 Attack Prevention and Intrusion Detection
 help safeguard against potential threats.
- Supports Microsoft Modern Print
 Platform including Universal Print and driverless printing with the Sharp Print Support Application (PSA).
- Designed with approximately 50% recycled plastic and offers among the lowest TEC value and stand-by power in its class.
